

Simulation Centre for Patient Safety University of Auckland (SCPS)

Simulation Centre for Patient Safety
Faculty of Medical and Health Sciences
Building 502, Basement (Level B)

Simulation Centre for Patient Safety, 85 Park Road, Grafton, Auckland 1023

Visitors are recommended to use public transport

Several buses stop at the bus stops that are located 50m adjacent to the Faculty of Medical and Health Sciences and Auckland City Hospital. Grafton Railway Station is 500m away at the corner of Park Road & Khyber Pass.

at.govt.nz/bus-train-ferry/journey-planner

For those being dropped off by car or taxi – there is a 5 minute drop off bay located directly in front of the Grafton Campus buildings.

Parking options

There are very limited visitor parking options at the Grafton Campus. A short-term Visitor's Carpark, accessible via Park Avenue, is located at the rear of the complex. Finding a carpark in this space is not guaranteed and is time restricted to two hours only. If you are able to find a carpark, take the rear set of stairs that lead up from the carpark to the back of Building 503. Go through the set of doors into the building and go to the Main Reception desk. Once there you will need to register your name, contact details and vehicle registration.

You may be able to find a car park on Park Avenue or one of the streets around it. These car parks are pay and display – so you will need to pay for your parking.

While there is a car park across the road at Auckland City Hospital, this is only available to people visiting patients in the hospital. There is also Wilson Parking across Park Road and pay parking around the domain.

SCPS deliveries couriers & parcels

Please ensure that the following format is used when addressing packages to our centre:

[The name of the person the item is for]
Simulation Centre for Patient Safety
c/o Loading Bay
Corner Park Road and Park Avenue
